What We're Working On

- On Friday South County EDC accepted the role of facilitator for the regional UAV group. We were very honored to be asked and look forward to assisting this task force. This fits in nicely with our efforts on the Aviation and Aerospace Task Force and the Maritime Task Force. All of these efforts are supported by the OEA grant in an effort to make our defense industry more resilient.
- South County EDC presented our tourism accomplishments to the **Coronado City Council** last week. Through the **Marketing Committee** we will be working with the City of Coronado on a tourism roundtable later this year.
